NEW GLADIOLUS

“ELORA”

(Originated by Luther Burbank)

Introducer's Description.

Color creamy white with rich cream spots in throat on three lower petals, these spots overlaid with dainty featherings of American Beauty pink. The back of the petals show a tint of very delicate pink. Blooms measure 4 1-2 to 5 inches diameter. This is a very remarkable variety, blooms very early on good stiff stems 4 to 4 1-2 ft. tall. “Elora” is certainly queen of all the early varieties. It is very prolific in bulblets, and a great favorite with Florists, because of a shade suitable for all purposes. In flat bouquets for funeral work, or in baskets it makes up most beautiful and especially, among other pieces made of “America” or “Le Marschal Foch” and a welcome relief from too much of one color. It goes well in mixed vases.

Prices first size bulbs "Elora" 20c each, \$2.00 per doz.

Prices per 100—Prices per 1000 25 per cent less, 25 at 100 rate.
250 at 1000 rate.
